The Santa Maria Camera Club Newsletter March 2024

President's Message

hi Club Members!

Here we are – the third month of the year already – where does time go?

Have you been enjoying all the beautiful cloudy skies and green hills? Get those luscious landscape photos while you can!

Hope to see you in person at our board and program meetings on Wednesday, March 6 and online on March 20. And look for Penni's field trips and Jim's Saturday morning meetings. They always have something good planned.

Think of an object you would like to photograph for our Year-end Competition. We will vote on it on March 6.

See you soon!

Jeannie
